Professional Commissions

Netzwerk Zwischennutzung Website ⧉   Oct 2023 – Jan 2024 (4 months)

TypeScript   Svelte   Tailwind CSS   Mapbox   Strapi   GraphQL   <>

employer AAA GmbH *design* Bas&Aer *backend* G. Ribeiro

*RESTORE_* Website ⧉   Mar 2022 – Jul 2022 (4 months)

React   Next.js   Three.js   CSS   Mapbox   Blender   Vercel   <>

employer Hacer Sitio collective *design* G. Valdespino & F. Golghasemi

"moyo" Website ⧉

`React` `Next.js` `CSS` `Vercel` `<>`

employer perspActives e.V. *design* F. Golghasemi

Sep 2023 – Nov 2023 (2 months)

Education

University of Bremen + University of the Arts Bremen

Oct 2018 – May 2023

Master's in *Digital Media* (1.1)

· Focus on technology, theory, and design, and development of scientific/artistic projects

Middle East Technical University

Oct 2009 – Jun 2014

Bachelor of Architecture (Honours)

· Focus on architectural design and technology e.g. CAD/CAM and algorithmic design

Digital Media Projects

EndlessTwist.xyz ⧉

Jan 2023 – Dec 2023 (1 year)

`TypeScript` `Three.js` `HTML` `CSS` `Vite` `Blender` `<>`

In 2023 using *Three.js* and *TypeScript*, I programmed **Endless Twist** 3D and multimedia interactive web page as a part of my thesis for Digital Media master's degree. Moreover, I designed and programmed the project's open access publication, accessible on *endlesstwist.xyz/publication*

Adrift.city ⧉

Jan 2021 – May 2021 (5 months)

`React` `React Router` `CSS` `IndexedDB` `SPA` `PWA` `Netlify` `<>`

In 2021, using *React*, *React Router,* and a few Web APIs (audio recording and client-side storage), I developed **Adrift** a research-based Progressive Web App (PWA) which by deconstructing Google Maps walking routes it offers a new set of directions for drifting (walking and getting lost) in familiar urban context.

Vanilla JS version (2020) ⧉   source code ⧉

More about me

Languages

· **English** – Professional (C2)
· **German** – Conversational (B1/B2)
· **Farsi** – Native / bilingual
· **Turkish** – Native / bilingual

I want to work for a company that...

values sustainable and mutual growth through horizontal hierarchies. An space that respects individual decisions of the employees.

Right now I'm learning...

Python and Django, and building REST APIs and servers with Flask.

Interests

Free and open-source software (FOSS) Bicycle touring · Retro mountain bikes · Electronic music & DJ mixing · Persian calligraphy · Architectural photography

Skills

· Learning, research, and critical thinking oriented
· Interdisciplinary, collaborative, and teamwork abilities
· Agile development skills and source control management
· Active engagement in knowledge sharing and code reviews

Programming Languages

· **JavaScript** (4y) · **TypeScript** (1y) · **HTML/CSS** (5y) · Bash (1y)
